

**How we are seen...  
Leadership for a Clean and Just Oregon**

“Exposure to toxins can cause irreparable damage to health. Beyond Toxics champions the right of everyone to live free from unwanted chemical exposure.”

~ McKenzie River Gathering

Our industry, livelihoods, and communities are dependant upon a healthy landscape, and our prospects would be very bleak indeed if we did not have the steadfast commitment of Beyond Toxics.”

~ Shawn Donnille,  
Vice President- Mountain Rose Herbs

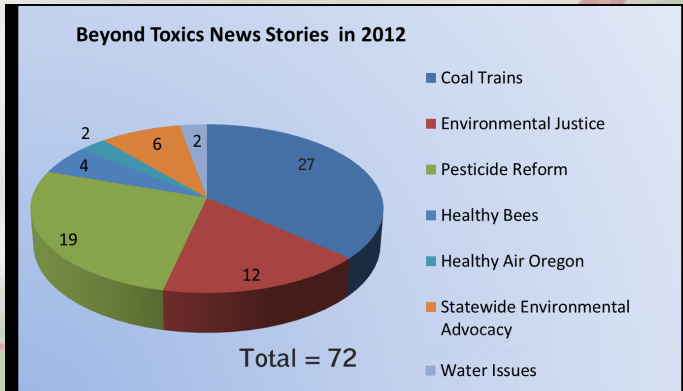

“Our community started out being reactive about the plume of railroad pollution under our neighborhood. When we started working with Beyond Toxics, we became more proactive. With their help, now we’ve learned to be more preventative in our approach. Thank you, Beyond Toxics for caring about our community.”

~ Dharmika Henschel, Trainsong neighborhood activist

“I have been proudly supporting Beyond Toxics for about 5 years now. I had no idea how crucial their advocacy was for the health of our community until I got involved. Dont idle, Bee healthy, get involved - our lives depend on it!”

~ Christine Cameron, business owner,  
Cameron and Company

Photo by Bev Veals, entered in our “Imagining a World Beyond Toxics” Photo Contest (Aug. 2012)

National, state and local media are increasingly relying on Beyond Toxics to provide the facts & viewpoints that improve the public’s awareness of critical issues on environmental health. In the first 10 months of 2012 we earned 72 media stories about our work – that’s six every month!

**Business Support**

Beyond Toxics would like to thank the following businesses for their kind support:

- |                              |                                      |

*On the passage of the Eugene City Council resolution against coal trains...*

“Wow, thank you for the good news, and for the amazing work you do organizing legislative action. You are my hero!”

~ Anna Alkin

“Great job on the no coal [vote]! We had faith you could do it! The bees thank you also!”

~ Doug Hornaday,  
Healthy Bees-Healthy Gardens
