

Friends of Healthy Bees

Join Our Campaign!

We invite you to join our Friends of Healthy Bees Campaign. This is a grassroots, no-pesticide-spray, neighborhoods project. Beyond Toxics is dedicated to protecting public health and the environment from toxic pesticides. That's why we're working hard to develop pesticide-free, honey-bee-safe neighborhoods.

Our goal is to develop large numbers of Eugene-area gardens that are pesticide-free and, to have city policy established to make our homes and parks safe for all living things.

For about the campaign and how you can get involved, visit: www.FriendsOfHealthyBees.org

Step 1

Sign the "Honey Bee Friend pledge" below (or go online to: www.FriendsOfHealthyBees.org)

The Bee Friend Pledge:

I support the "Friends of Healthy Bees" campaign for bee-friendly, pesticide-free gardens in Lane County.

In the interest of protecting our neighboring families, pets, honeybees and gardens, we the undersigned residents pledge to refrain from using pesticides and any other harmful chemicals (Weed and Feed, Round Up etc.) on our property. We request that our City and County partner with us to commit to pesticide-free policies to protect bees and children from pesticides on all public property.

Step 2

Become a Bee Friend today!

Help fund this vitally important campaign! Your donation of **\$10** (or more) will help us engage the people of Eugene to save honey bees in our community and help local beekeepers to build hive boxes and nurture bees throughout Eugene!

Fill out the form below and send it to: Beyond Toxics / P.O. Box 1106 / Eugene, OR 97440
