Application deadline: Priority review begins January 24th, 2021 (although candidates are encouraged to apply ASAP). Open until filled. Desired start date February 28, 2021.

About Fossil Free Eugene and Lane County:

Fossil Free Eugene and Lane County is a coalition of grassroots organizations and community members calling on the City of Eugene to follow through with the climate goals that it set for itself, and lead the way to forging a just transition away from fossil fuels for all of its residents. In 2014, the city of Eugene passed the Climate Recovery Ordinance (CRO) with bold targets to reduce our consumption of fossil fuels and prevent catastrophic climate change. Now, more than six years later, the city has done little to ensure that these goals are met. As the climate crisis continues to worsen, and our local community is impacted by climate-driven wildfire and drought, it is time for the city to act.

The coalition seeks to prevent construction of new fracked gas (methane) infrastructure in buildings in the City of Eugene, and develop an equitable and just framework and funding mechanism for transitioning existing buildings off of fracked gas in the near future. Coalition members are also working at the County level to attain similar goals toward transitioning off of fossil fuels.

Coalition Coordinator Position Summary:

The Fossil Free Eugene and Lane County [coalition](#) is seeking a coordinator to work with our ever-growing coalition of organizations and advocates working to ensure a community powered by clean renewable electricity and thus more resilient to climate change. The Coordinator will schedule and facilitate regular meetings of the Steering Committee and full Coalition, will keep agendas and notes and work with the Steering Committee on implementing and revising the

Coalition's campaign plans. The Coordinator will also focus on outreach and collaboration with Black, Indigenous, People of Color (BIPOC), rural and low income communities in the Eugene area and across Lane County, as well as key unions that stand to be impacted by the transition off of fossil fuels. The Coordinator will be responsible for updating the coalition website and engaging across social media channels.

This is a part time position requiring reliable internet, phone and computer access.
