2024 RESILIENT FOREST TOURS

WHAT:
Each year we partner with small forest owners to host guided tours in biodiverse forests. These projects demonstrate how good forest management can protect drinking water, biodiversity and sequester carbon on the land, all of which are practices that benefit future generations. Forestry tours will take place at Shady Creek Forest Products, a remarkable gem in Mid-Oregon’s coastal range located about 40 minutes from Eugene.

WHEN:  
Summer 2024 tours:  
Saturday, July 13: 12:15pm - 5pm 
Sunday, July 21: 12:15pm - 5pm

MEET: 
120 Shelton McMurphey Blvd, Eugene 
East parking lot next to the Mahonia Building
