

Keeping trash in Lane County vs. sending to Jackson County

CURRENT TIPPING FEES IN LANE COUNTY

\$112.46/TON

What is system benefit fee (SBF)?

In place for 25 years, the System Benefit Fee pays for recycling, transfer stations, waste reduction education in the schools and dealing with household hazardous waste. Organizations like BRING, St. Vincent de Paul, MECCA, local schools and Fix It Lane County partner with Lane County on recycling and education programs.

When Sanipac diverts waste, it starves the SBF and causes fee increases like recent ones at transfer stations.

SANIPAC TIPPING FEES AT DRY CREEK LANDFILL (+170 miles south)*

Disposal fee to Creswell residents	\$100.50/ton
Disposal rate/ton for Dry Creek	\$80.90/ton
Difference	\$19.60/ton

Difference appears to cover costs to transport (including labor) Lane County waste to Jackson County.

CleanLane cuts landfill waste

It can divert roughly 80,000 tons a year, about a third of Short Mountain's annual intake. This will expand the landfill's lifetime and help meet the county's waste diversion goals set for 2030.

CleanLane captures more methane

Short Mountain is the second largest source of greenhouse gas in Lane County. CleanLane captures organic waste before it enters the landfill resulting in capturing far more methane than the best run landfills. This will result in the equivalent greenhouse gas reduction of taking 20,000 gas powered cars off the road.

LANE COUNTY MAKES OFFER FOR SANIPAC TO RETURN TO SHORT MOUNTAIN

Lane County will reduce tipping fee at Short Mountain to \$100 (plus annual cost of living, estimated at 2.5% per year) for Sanipac and all Lane County haulers for five years.

Note: Sanipac would save \$19.60/ton by hauling Lane County's waste to Short Mountain vs. Dry Creek.

Year	Lane County Proposal	Dry Creek Increases*
Current	\$112.46	\$ 97.63
2026	100.00	100.50
2027	102.50	103.57
2028	105.06	106.68
2029	107.68	109.88
2030	111.43	113.18

* Based on information Sanipac provided to Creswell City Council in January 2026 in support of the city canceling its IGA (intergovernmental agreement) with Lane County.
